

Career Point to provide ECAM services in Rajasthan & Himachal Pradesh

March 3 2011, Mumbai : Career Point Infosystems Ltd (CPIL), one of the leading companies that tutelage students for competitive entrance examinations, has entered into an agreement with the Career Point Education Society for providing various Educational Consultancy and Management (ECAM) Services to its proposed technical campus in Rajsamand Rajasthan.

With this agreement, the company will be providing to the Society the necessary management services which include laying strategic plan, human resource management services, administrative services, advisory services and information technology related services. The Agreement would come into effect immediately and would be there for a period of 2 years.

Commenting on the development, Mr. Pramod Maheshwari, Chief Executive Officer, Career Point Infosystems said, “We are happy to see the further development in this space and believe that our experience shall bring out synergy and best of the management services to fulfil the objective of the institutes particularly to provide quality services to the students. He further stated that our core focus shall be continuous improvement in the quality of services.”

Currently, the Company is providing ECAM Services to Global Public School situated at Kota, off-campus of Singhania University situated at Kota and Gopi Bai Foundation Trust Kota (Raj.) for their proposed university at Kota and Hamirpur (Himachal Pradesh).
